

Dutch Minister of Health supports HAI E's financial transparency recommendations to EMA

In response to a series of [parliamentary questions](#) from Socialist Party parliamentarian Van Gerven, the Dutch Minister of Health, Wellness and Sport supported the recommendations in HAI E's latest [research article](#) to aid the enforcement of the European Medicines Agency (EMA) financial transparency guidelines for patient and consumer groups.

The Minister advises the Agency to take [HAI E's recommendations](#) "to heart", agreeing that all (financial) information gathered from these organisations should be publicly available on the EMA website and that the organisations' participation in the Agency's activities should be conditional on the fulfillment of the transparency criteria.
