EU lobby transparency book launch by ALTER-EU

ALTER-EU launches "**Bursting the Brussels Bubble**" – a valuable too for anyone concerned with decision-making and democratic accountability within the European Union.

Five years ago the European Transparency Initiative was launched. This book highlights what has been achieved since then and what ground is left to cover.

Why do we like it? It is a step-by-step guide to how we can end privileged access to decision-makers and overlooked conflicts of interest that pervade representative politics.
