

Invitation: Meeting to discuss Global Health Education (GHE) and the People's Health Movement (PHM) in Europe

You are invited to attend a follow-up meeting to discuss Global Health Education (GHE) and the People's Health Movement (PHM) in Europe. The meeting is meant to be an open laboratory for joint discussion and work; there will be plenary sessions for introduction to the works and final discussion and conclusions, and a core part dedicated to working in groups on issues dealing with GHE and the PHM in Europe.

A few more details about the event:

- **Date:** 4-5 December 2010
- **Time:** 14:00 on Saturday to 14:00 on Sunday
- **Venue:** Rathaus Schöneberg, John-F.-Kennedy-Platz 1, 10825 Berlin (Casino Room)
- **Registration** (which is of course free of charge!)

The organisers would very much appreciate it if you could **register as soon as possible, and in any case before Tuesday, November 30th**: we need to know how many people will attend in order to finalize the last logistic details.

Also, if you know people who might be interested in participating, please feel free to circulate this invitation.

Finally, please note that - as previously announced - Medico International has kindly offered **travel subsidies**: if you would like to apply, please contact Andreas Wulf (wulf@medico.de).

(Please note that this is not a HAI Europe meeting, but we are happy to circulate this announcement on behalf of the organisers)
