

Joint Letter to World Health Assembly Delegates | We must delink research and development costs from cancer medicine prices

Joint Letter | 5 May 2017 | [Download](#)

Health Action International have added our name to a letter to all delegates to the World Health Assembly (WHA). The letter - supported by NGOs, economists, legal advisors and individual experts - calls on all delegates to support a draft resolution that would establish a feasibility study to be conducted on the delinkage of research and development costs from cancer medicine prices.
