

The Devastating Impact of Snakebite Envenoming

Fact Sheet | Updated 19 November, 2018 | [Download PDF](#)

SNAKEBITE VICTIMS: A SHOCKING YET UNDERESTIMATED NUMBER

Conservative estimates show that snakebite envenoming kills more people than any other neglected tropical disease on the World Health Organization's (WHO) priority list. But valid data on the global impact of snakebite envenoming is poor due to under-reporting and insufficient research. Every year...
