

# SAVE THE DATE!

## Health Action International EU Medicines Policy Workshop

**Date:** Wednesday, 30 September, 2015  
**Location:** United Nations House  
Bucharest, Romania

With support from the World Health Organisation (WHO), Health Action International (HAI) will host an introductory one-day workshop for representatives from civil society organisations who are interested in access to medicines policy in the European Union (EU).

The aim of the workshop is to discuss constructive ways to create policy change that reflects public health priorities, both at the European and national levels.

### Who should attend?

Civil society organisation representatives, academics, policy-makers and individuals who are interested in public health are warmly invited to attend the workshop.

Lunch and translation will be provided.

---

*Health Action International is the only non-governmental organisation entirely dedicated to strengthening pharmaceutical policy to improve public health. Our staff and global network have unparalleled expertise in virtually all areas of medicines policy. We pursue advocacy at the patient level and up to the highest levels of government through our 'official relations' status with the World Health Organisation and respected relationship with the European Medicines Agency. We are financially independent from the pharmaceutical industry.*

This summer school received funding under an operating grant from the European Union's Health Programme (2014–2020).
